

## Interactive CD-ROM Courseware

- Safety • Health      1 - \$495.00      2 - 4 \$450.00
- Regulatory Compliance      5 - 9 \$400.00      10 - 25 \$350.00

Maintaining a safe and healthy work environment is more important today than ever before. Yet at the same time, the challenges of conducting safety and regulatory compliance training are greater than they have ever been. Pulling groups of employees away from their jobs at the same time can be difficult... many employees are "geographically dispersed" ... and new employees are coming in the door all the time. Interactive CD-ROM courses solve these problems! Employees can receive training on demand... any time... and at their own pace. The courses also increase information retention by directly involving employees in the learning process.

Using a powerful combination of audio, full-motion video, text and colorful graphics, courses from the Interactive CD-ROM Training Library provide the most cost-effective safety and regulatory compliance training available today. With a learning management system (LMS) that installs automatically, and comprehensive user's and trainer's guides, each course is 30 to 45+ minutes long, depending on the topic. Courses are divided into a number of logical sections, each with its own quiz and test, so information is easily understood... and retained. Courses in the library include:

### REGULATORY COMPLIANCE

\$495.00

- Asbestos Awareness
- Bloodborne Pathogens
  - Commercial/Industrial
  - Healthcare
  - First Responder
- Confined Space Entry
- DOT HAZMAT General Awareness
- DOT HAZMAT Safety Training
- DOT HAZMAT Security Awareness
- DOT HAZMAT In-depth Security Training
- Emergency Planning
- Forklift/Powered Industrial Truck Safety
  - Industrial
  - Construction
- Hazard Communication ("Right-to-Know")
  - Industrial
  - Auto Service
  - Building/Construction
  - Cleaning/Maintenance
  - Healthcare
  - Hospitality
- Hearing Conservation
- Indoor Air Quality
- The OSHA Laboratory Standard
- The OSHA Lead Standards
  - Industrial
  - Construction
- Lock-Out/Tag-Out
- Personal Protective Equipment
  - Industrial
  - Construction
- Respiratory Protection
- OSHA Recordkeeping
  - For employees
  - For managers/supervisors
- Supported Scaffolding Safety
  - Industrial
  - Construction
- Suspended Scaffolding Safety
  - Industrial
  - Construction
- Guarding Against Tuberculosis
  - Healthcare
  - First Responder
  - Institutional

### SAFETY AND HEALTH

\$495.00

- Accident Investigation
- The ANSI MSDS
- Back Safety
- Compressed Gas Cylinders
- Computer Workstation Safety
- Conflict Resolution
  - Industrial
  - Office
- Crane Safety
  - Industrial
  - Construction
- Driving Safety
- Drug and Alcohol Abuse
  - For employees
  - For managers/supervisors
- Electrical Safety
- Ergonomics
  - Industrial
  - Office
- Eye Safety
  - Industrial
  - Construction
- Fall Protection
  - Industrial
  - Construction
- Fire Extinguishers
- Fire Prevention & Safety
  - Industrial
  - Healthcare
  - Office
- First Aid
  - Industrial
  - Construction
- Fitness and Wellness
- Hand and Power Tool Safety
  - Industrial
  - Construction
- Hand, Wrist & Finger Safety
  - Industrial
  - Construction
- Hazardous Materials Labels
- Hazardous Spill Cleanup
- Heat Stress
  - Industrial
  - Construction
- Ladder Safety
  - Industrial
  - Construction
- Machine Guard Safety
- Materials Handling Safety
- Office Safety
- Rigging Safety
  - Industrial
  - Construction
- Safety Audits
- Safety Housekeeping and Accident Prevention
- Safety Orientation
  - Industrial
  - Construction
- Safety Showers & Eye Washes
- Sexual Harassment
  - For employees
  - For managers/supervisors
- Sexual Harassment Investigations
- Slips, Trips & Falls
- Welding Safety
- Winter Safety
- Workplace Harassment
  - Industrial
  - Office
- Workplace Stress
- Workplace Violence

### LABORATORY SAFETY SERIES

\$495.00

- Orientation to Laboratory Safety
- Compressed Gas Cylinders
- Preventing Contamination
- Electrical Safety in the Laboratory
- Planning for Laboratory Emergencies
- Laboratory Ergonomics
- Flammables and Explosives
- The OSHA Formaldehyde Standard
- Safe Handling of Laboratory Glassware
- Laboratory Hoods
- Material Safety Data Sheets
- Safety Showers and Eye Washes

### HAZWOPER SERIES

Using the 23 courses in this series, packages can be configured that cover the HAZWOPER training requirements for "Annual Retraining" through "40-Hour Training". Packages are available for:

- Annual Retraining
- Emergency Response: Awareness
- Emergency Response: Operations
- Supplemental Training
- Emergency Response: HAZMAT Technician
- General Training
- 40-Hour Training

Also designed with Training Managers in mind, courses in the Interactive CD-ROM Training Library™ include a learning management system (LMS) at no additional cost. Using this system, trainers can define curricula... establish log-in procedures... even set up "pre" and "post" tests. Employee performance information is collected and organized through a powerful relational database, which can generate a number of reports.

**Most courses are also available in Spanish. Contact your distributor for information about specific titles.**
